1. What Is Xitox Footpads?

Xitox Footpads are adhesive pads designed for overnight use on the soles of the feet. They contain natural ingredients intended to draw out impurities from the body through the skin, supporting natural cleansing processes. Xitox Footpads offer a simple, non-invasive way to potentially complement a healthy lifestyle.

- Simple and convenient to use.
- Non-invasive detoxification support.
- Based on traditional wellness practices.

2. How Does Xitox Footpads Work?

Xitox Footpads utilize natural ingredients believed to stimulate detoxification through the skin. Applied to the feet, a location with numerous nerve endings, the pads are designed to work while you sleep.

1. Absorption and Interaction

The ingredients in Xitox Footpads interact with the skin, promoting absorption and stimulating circulation. This interaction is believed to help draw out impurities and toxins through the pores.

2. Overnight Detoxification Support

Worn overnight, the pads allow for extended contact between the ingredients and the body. This prolonged contact aims to maximize potential detoxification benefits during sleep.

3. Visual Feedback

Many users report color changes in the pads overnight, which some interpret as evidence of toxins being drawn out. While not scientifically proven, this visual feedback can motivate continued use.
