## **Qatar Airways – Guayaquil Presence (Ecuador)**

### **José Joaquín de Olmedo International Airport**

 Qatar Airways handles passenger services in **Guayaquil** (Ecuador) through the **airport airline counters at José Joaquín de Olmedo International Airport**, where you can interact with airline staff on travel days — this is effectively the local “office” for customer service like check-in, ticketing, baggage, and flight information.

- Airport contact info (general airport line): +593 4 216 9000 (for airport inquiries). ([CIWEM Communities](#))

 **Important:** Qatar Airways *does not maintain a separate standalone downtown office in Guayaquil* (no corporate or city ticketing office published by the airline itself).

### **Local/Terminal Contact Information**

There isn’t a consistently published *official* Qatar Airways phone number specific to the Guayaquil office that’s clearly verified on the airline’s own site. Some travel directories list a general contact that has been associated with Qatar Airways service in Guayaquil:

- **Phone:** +1-844-238-2070 — listed in some airport/terminal context for Qatar Airways in Guayaquil. ([CIWEM Communities](#))  
*Note:* This number appears in third-party listings as a contact point for Qatar Airways at the airport level; it may route through a terminal assistance desk rather than a dedicated Qatar Airways corporate office.

Because this number is from a directory source, if you’re using it to call make sure to verify when connected that you’re speaking with an official airline representative.

### **What You Can Do at the Guayaquil Office/Counter**

At the Qatar Airways counter at **José Joaquín de Olmedo International Airport**, airline staff can help with:

- ✓ Flight check-in and boarding pass issuance
- ✓ Baggage check and queries
- ✓ Reservations and ticket changes (same day or future flights)
- ✓ Flight status, gate information, and airline questions
- ✓ Special assistance (wheelchair, unaccompanied minors, pets)
- ✓ Issues on day of travel (e.g., delays, rebooking) ([CIWEM Communities](#))

This is the typical in-person service available at the airport when Qatar Airways operates flights or assists passengers on itineraries connecting through Doha or other hubs.
