

# 1-866-829-1086 Southwest Airlines Beirut Office

**Southwest Airlines does *not* have an official office in Beirut, Lebanon.** 

Southwest Airlines is a U.S.-based airline headquartered in **Dallas, Texas**, and it does **not operate a local corporate, ticketing, sales, or customer service office in Beirut or anywhere in Lebanon**. Southwest manages reservations, customer support, and flight assistance primarily through its official global channels (website, call centers, and live chat). ([Southwest Airlines](#))

## Important Clarification

- Online lists or directories that mention a “Southwest Airlines Beirut Office” are **not official Southwest locations** — they are generic listings or inaccuracies. There is *no verified Lebanon office* staffed or maintained by Southwest itself. ([Entireweb SEO](#))
- References to flight information or airline presence in Beirut often relate to other carriers (e.g., Middle East Airlines, Delta, Saudia) that *do* operate in Lebanon, not Southwest. ([Airofficedesks](#))

## How to Contact Southwest from Beirut

Since there's no local Beirut office:

### Official Southwest Customer Support Options:

- **Website:** Visit the official Southwest Airlines contact/support page for live chat, help forms, and self-service tools. ([Southwest Airlines](#))
- **Phone:** Use Southwest's U.S. customer service numbers (e.g., +1-800-435-9792 or other official customer support lines) — calls from Lebanon are international and may incur charges. ([Southwest Airlines](#))
- **App & Online Tools:** The Southwest mobile app and website let you manage bookings, check flight status, and change reservations.

 **Note:** For local assistance with airport procedures (check-in, baggage, boarding) while in Beirut, you would work with the airport's support desks or with the airline you're actually flying with on that ticket — not Southwest's own office in Lebanon.

Let me know if you want **Southwest's official phone numbers formatted for dialing from Lebanon!**
