

# 1-866-829-1086 Southwest Airlines Dubai Office

 Southwest Airlines does **not** have an official corporate or local ticketing office in **Dubai** operated by the airline itself. Southwest is a U.S. airline headquartered in **Dallas, Texas**, and handles reservations and customer support through its official global channels rather than local staffed offices abroad, including in Dubai. ## Southwest at Dubai Airports

- Some travel and airport directories list “**Southwest Airlines DXB Terminal**” information for Dubai International Airport (DXB) — typically describing general passenger facilities like check-in counters and information desks — but this **does not represent an official airline office** run by Southwest. ([RDTOTO](#))
- Listings may include a general contact number for Dubai International Airport (e.g., +971 4 224 5555), but this is an **airport contact**, not a Southwest Airlines office. ([RDTOTO](#))

## What the “Dubai Office” Listings Mean

- Some third-party webpages describe a “**Southwest Airlines Dubai Office**” with broad travel support services, but these are not official Southwest corporate locations — they’re likely *informational or travel-agent style listings* with no verified address or official airline staffing.
