Southwest Airlines – Hamburg Office (Hamburg, Germany)

✓ **Southwest Airlines does *not* have an official corporate, ticketing, or customer service office in Hamburg, Germany.** The airline is based in the United States and does not operate staffed local offices in Hamburg or at Hamburg Airport as part of its regular global presence. Southwest's customer service and reservations support are provided mainly through its official website and U.S. contact centers rather than local international offices. ([Southwest Airlines](#))

✈️ Why There's No Hamburg Office

- Southwest Airlines' route network is still focused on the **U.S., Mexico, Central America, and the Caribbean** and does not include scheduled flights from Hamburg Airport (HAM). ([Hamburg Airport](#))
- Because it does not serve Hamburg or Germany regularly on its own flights, Southwest does **not maintain a local ticketing or sales office there.**
