

# 1-866-829-1086 Southwest Airlines Johannesburg Office

Here's the current **official situation regarding Southwest Airlines in Johannesburg, South Africa**:

## No Southwest Airlines Office in Johannesburg

- **Southwest Airlines does *not* have a corporate, sales, or local ticket office in Johannesburg or anywhere in South Africa.**
- Southwest's corporate and customer service operations are centralized, and the airline does not currently operate flights to South Africa or maintain local offices outside its main U.S. network. According to its route map and destinations list, Southwest does not serve Johannesburg (JNB) or other South African airports as part of its scheduled network. ([Southwest Airlines](#))

Even online travel sites that show fare comparisons for routes (like flights connecting *via* other carriers) are aggregating multi-carrier itineraries — not direct Southwest services. ([KAYAK](#))

## Airport Services in Johannesburg

- Major airlines that do operate at **O.R. Tambo International Airport (JNB)** include South African Airways, Airlink, British Airways, Emirates, Lufthansa, and others — but **Southwest is not on the official airline list at the airport.** ([O.R. Tambo Airport](#))
- Because Southwest doesn't operate there, there won't be an airport ticket counter or service desk specifically for Southwest.
