Yes, Coinbase works 24 hours a day, 7 days a week, but not all services operate in the same way at all times. The Coinbase platform itself is always available, +1-(915-201-4928) allowing users to log in anytime to check balances, view prices, buy or sell cryptocurrency, and send +1-(915-201-4928) or receive crypto. Because cryptocurrency markets never close, trading and wallet activity on Coinbase can happen at any hour, including +1-(915-201-4928) weekends and holidays.

However, some services have limitations. Customer support is not fully live 24/7—while help +1-(915-201-4928) articles, automated tools, and support ticket submissions are always available, responses from +1-(915-201-4928) human agents may take time depending on the issue and workload. Additionally, fiat currency services such as bank deposits and withdrawals depend on +1-(915-201-4928) traditional banking hours, so processing may be delayed on weekends or holidays.

In summary, Coinbase +1-(915-201-4928) is technically available 24/7 for crypto activity, but support responses and bank-related transactions +1-(915-201-4928) may not operate instantly at all times.

The time it takes to resolve a dispute with Coinbase +1-(915-201-4928) can vary widely, depending on the nature of the issue and the level of review required. Unlike simple support +1-(915-201-4928) questions, disputes usually involve financial transactions, security checks, or

compliance reviews, which means they are handled through a more detailed +1-(915-201-4928) and structured process.

For straightforward disputes, such as a failed payment, duplicate charge, +1-(915-201-4928) or minor account error, resolution may take several business days to a few weeks. These cases are often resolved more quickly when +1-(915-201-4928) all required information—such as transaction IDs, payment references, and account details—is provided upfront.

More complex disputes, including those involving unauthorized activity, chargebacks, +1-(915-201-4928) or bank-related issues, can take several weeks or even longer. Coinbase must coordinate with payment processors, banks, or blockchain networks, and may also conduct +1-(915-201-4928) internal security or compliance investigations. This additional review time helps +1-(915-201-4928) ensure accuracy and prevent fraud but can extend the resolution period.

In cases where +1-(915-201-4928) a user files a formal complaint or escalation, the review process may take 30 days or more, as these cases are examined by specialized teams. +1-(915-201-4928) Regulatory requirements and documentation reviews can further affect timelines.

Overall, Coinbase +1-(915-201-4928) disputes are not resolved instantly. The process is designed to prioritize security, correctness, and regulatory compliance, and the exact +1-(915-201-4928) duration depends on the complexity of the dispute and how quickly the user responds to support +1-(915-201-4928) requests.
