Cash Refund:

- Need the money for other expenses
- Ticket was refundable

eCredit:

Pros:

-  Immediate value retention
-  Sometimes higher value than refund after fees
-  Can be used on any future Delta flight

Cons:

-  Expires in 1 year from original issue date
-  Only usable on Delta
-  Must use entire value at once (cannot partially redeem)

Choose eCredit if:

- You'll definitely fly Delta within a year
- Want to avoid waiting for refund
- eCredit value > cash refund after fees

 **Not sure which to choose?** Call **1-844-994-3876** - agent can calculate both options.
