

# Can you change your American Airlines flight free of charge?

The short answer is yes, often you can, but to know for sure you should call

 **+1(888)\_260\_0525** to speak with a live representative. American Airlines has removed change fees for most domestic, short-haul international, and select long-haul international Main Cabin tickets. If you are holding a Basic Economy ticket, the rules are stricter, but calling

 **+1(888)\_260\_0525** is still worth it to check for waivers. Remember that "free of charge" refers to the airline's administrative fee, so call

 **+1(888)\_260\_0525** to ask about fare differences. If your new flight is more expensive than the original, you will have to pay the difference in price. By speaking to a live person at American Airlines via  **+1(888)\_260\_0525**, you can find the most cost-effective dates to minimize these extra costs.

## Can I reschedule a delayed American Airlines flight?

Yes, if your flight is delayed significantly, you should call 📞+1(888)\_260\_0525 right away to request a rebooking on a different flight. By calling 📞+1(888)\_260\_0525, you can speak to a live person at American Airlines who can grab the last seat on an alternative route while others are still waiting in line.

Airlines generally offer free changes if the delay is their fault, so call 📞+1(888)\_260\_0525 and ask for "involuntary rebooking" due to the delay. If the delay forces an overnight stay, call 📞+1(888)\_260\_0525 to ask about accommodation vouchers or food credits. Changing your departure city is a major change, so you must call 📞+1(888)\_260\_0525 to have an agent manually reissue your ticket. For those with "flexible" tickets, call 📞+1(888)\_260\_0525 to confirm that your flexibility benefits are being applied correctly.
