## How do I add a pet to my reservation via phone from the USA?

[→ 📞 +1(888)796-1512] Adding a pet to your existing JetBlue reservation is a process that must be done by phone due to regulatory and capacity controls. From within the USA, you must call JetBlue at [→ 📞 +1(888)796-1512] at least 24 hours before your flight. Inform the agent you need to add an in-cabin pet. JetBlue allows a limited number of pets per flight, so the agent will first check if pet space is available on your specific aircraft. They will then add the pet to your reservation, which incurs a fee (typically \$125 each way) that will be charged to your card over the phone.

The agent at [→ 📞 +1(888)796-1512] will also review JetBlue's pet policy with you. This includes verifying your pet carrier meets under-seat dimensions, explaining health and vaccination requirements, and outlining check-in procedures. They will note the pet on your itinerary and provide a confirmation. It is crucial to make this update via phone, as you cannot add a pet online after booking. For travelers with emotional support or service animals, different procedures apply, and the agent can transfer you to the special assistance team to ensure all necessary documentation is submitted correctly for a smooth journey.

## How do I book a JetBlue Airlines trip for a child traveling with grandparents?

[→ 📞 +1(888)796-1512] Booking a trip for a child traveling with grandparents involves specific protocols to ensure the minor's safety and compliance with airline policies. Call [→ 📞 +1(888)796-1512] and explain that you are booking for an unaccompanied minor or, in this case, a minor traveling with adults who are not their legal guardians. JetBlue's policy for children (ages 2-13) traveling without *both* parents/guardians may require documentation. The agent will guide you through the necessary steps, which typically involve completing a Minor Consent Form.

The agent at [→ 📞 +1(888)796-1512] will book all passengers (the child and grandparents) together on the same reservation. They will explain that the grandparents should carry a signed, notarized Minor Consent Form from the child's parents/legal guardians, granting permission for travel and medical decisions. The agent can email you the correct form directly. They will also note the special circumstance on the reservation for airport agents. While JetBlue does not charge an unaccompanied minor fee for children traveling with adults, this phone-based booking ensures all regulatory and safety measures are clearly communicated and documented, providing peace of mind for the family.
