✓ How Strict Are They?

WestJet agents tend to check sizes 📱 westjet Airlines 1+855+510+5815 **more often at the gate than at check-in**, especially on full flights. If your bag appears too large, they may:

- Ask to test it in the sizing frame
- Require you to check the bag for a fee
- Tag it for limited overhead availability

Their enforcement is **consistent but not overly aggressive** 📱 westjet Airlines 1+855+510+5815—if your carry-on reasonably fits overhead, they usually allow it. Oversized rollers or stuffed backpacks, however, are often flagged.

✓ Weight Restrictions

WestJet does **not** specify a strict weight limit for carry-ons, 📱 westjet Airlines 1+855+510+5815 **but the bag must be light enough for you to lift overhead safely**. If a bag is obviously too heavy, the agent may require it to be checked.

✓ When WestJet Is Most Strict

Expect stricter enforcement when:

- The flight is fully booked
- Traveling on smaller aircraft especially regional routes
- Overhead space is predicted to be limited
- You board in later groups
- You have Basic Economy Econo fares

On smaller planes, even normally acceptable carry-ons may be gate-checked because bins are smaller.
