About This Collection

We need to write description in same language as title: title is "bokep indo viral tik tok". Use at least 20% of key words from captions (names, nicknames, distinctive terms), translating the rest as needed. Title includes "bokep" (Indonesian term for porn), "indo", "viral", "tik tok". So we should write description in Indonesian. Need to reuse at least 20% of key words from the captions: we need to pick some words from captions and reuse them. That's Indonesian/English mix. Likely language: Indonesian? ", "Смотреть порно видео Прон секс пакистански и скачать на .

Key words (names, nicknames, distinctive terms): "Natikman", "Ko", "Rin", "Ang", "Katawan", "Mo", "Salamat", "Sa", "Sarap", "belle-sœur", "indonésienne", "potelée", "chevauche", "ma bite", "Hot Insta Girl", "Viral", "Fucking MMS", "Mydesi", "Desi", "Порно", "Секс", "Индонезия", "Telegraph", "Pelanggan", "mencoba", "menggoda", "ibu", "penjaga", "warung", "Tontonan", "video", "porno", "berbagai", "aplikasi", "live", "bugil", "dewasa", "premium", "STW", "bibir", "merekah", "tatapan", "tajam", "menggoda", "mengajak", "lebih", "mendalam", "Nude", "Fingering", "pussy", "Tiktok", "malaysian", "Прон", "секс", "пакистански".

We need to reuse at least 20% of the key words. Likely yes: reuse at least 20% of the key words from the captions (names, nicknames, distinctive terms). Must reuse them exactly as they appear? 20% is about 10 words. So we need to include at least 10 of those words in description, maybe more. Let's count distinct key words maybe ~50. So we need to include some of those words verbatim.

We need to write in Indonesian language. So we can embed some English words like "Viral", "Tiktok", "Hot Insta Girl", "Mydesi", "Desi", "Nude", "Fingering", "pussy", etc. Also include Indonesian words like "Pelanggan", "mencoba", "menggoda", "ibu", "penjaga", "warung", "Tontonan", "video", "porno", "aplikasi", "live", "bugil", "dewasa", "premium", "STW", "bibir", "merekah", "tatapan", "tajam", "mengajak", "lebih", "mendalam", etc.

We must avoid AI-flag words: delve, tapestry, vibrant, testament, landscape, showcase, crucial, pivotal, additionally, moreover, furthermore, "it is important to note", "serves as", "boasts". Avoid forced groups of exactly three items. Avoid "At its core". Avoid inflated importance, sales language, clichés like "nestled", "breathtaking", "unforgettable". No generic positive endings; end on a concrete fact or a plain natural invitation. Avoid "not only X but Y". No emojis, no curly quotes, no markdown, no bold text. Also avoid em/en dashes, use commas or split sentences. Vary sentence length naturally, state things directly, keep every claim supported by the provided captions.

We need to end with a natural invitation to view the full gallery via the link above. So something like "Lihat galeri lengkap melalui link di atas." That is a plain natural invitation.

We must not use AI-flag words. Safer to avoid any list of three items separated by commas. The phrase "forced groups of exactly three items" suggests they want to avoid triples like "X, Y, and Z". Could have two or more than three? So we must be careful not to have exactly three items in a list. Avoid groups of exactly three items (like "A, B, and C"). Better to avoid any list with exactly three items; we can have two items or more than three? So we can avoid listing three items. Avoid "not only X but Y". Also avoid "because" vs "due to the fact that": we can use "because". Use "to" instead of "in order to". We'll just avoid lists altogether.

We need to vary sentence length naturally. Use commas, periods.

We must not use em or en dashes; use comma or split sentence.

We must not use quotes.

We must not use inflated importance, no sales language, no clichés.

We need to keep every claim supported by the provided captions. For example, we can say there is a "Hot Insta Girl", "Viral", "Fucking MMS", "Mydesi", "Desi", "Pelanggan mencoba menggoda ibu penjaga warung", "STW itu bibir mereka tatapan tajam menggoda mengajak itu lebih mendalam", "Nude, Fingering pussy", "Tiktok", etc. So we can only claim things that are present in captions. So we can mention those.
