About This Collection

We need to produce a description in same language as the title "doberman studio 3d". Title is lower case English words. So description in English.

We must include at least 20% of key words from the captions, reusing exact words where natural: list: tale, cheating, wife, cora, episode, doberman, studios, linda, dobermans, full, studio, 1080p, amanda, wives, outdoor.

We need to reuse at least 20% of key words from the captions. Probably we need to include each of those words at least once, if possible naturally. " So we must include all those exact words? The previous draft reused too few caption words, so we need to include these exact words where natural. So need to include at least 3 of those words exactly. But also the instruction says: "Important: the previous draft reused too few caption words.

Likely we need to include all of them where natural. The list of key words: we need to reuse at least 20% of them (the words themselves). The list has 15 words. 20% of 15 = 3. It says "Include these exact words where natural". We'll try to incorporate them all.

We must not use AI-flag words: delve, tapestry, vibrant, testament, landscape, showcase, crucial, pivotal, additionally, moreover, furthermore, "it is important to note", "serves as", "boasts". Use "to" instead of "in order to"; use "because" instead of "due to the fact that". No forced groups of exactly three items. Avoid generic positive endings; end on a concrete fact or a plain natural invitation. No inflated importance, no sales language. No "At its core". No emojis, no curly quotes, no markdown, no bold text. No clichés like "nestled", "breathtaking", "unforgettable". No "not only X but Y". Also no em or en dashes; we must split sentences or use commas. Plain text only.

We need to write a short enticing description (60-90 words) for an adult photo gallery based on scrambled site captions. Turn them into one coherent, engaging paragraph that teases the models, setting and action without listing captions mechanically. Naturally reuse at least 20% of the key words from the captions (names, nicknames, distinctive terms), translating the rest as needed. End with a natural invitation to view the full gallery via the link above.

We need to produce 60-90 words. Let's aim ~75 words.

We must include the exact words: tale, cheating, wife, cora, episode, doberman, studios, linda, dobermans, full, studio, 1080p, amanda, wives, outdoor.

We need to embed them naturally.

Let's craft a paragraph:

"In the tale of a cheating wife, Cora stars in an episode where Linda and the Dobermans studio crew capture her outdoor adventure in full 1080p detail. Amanda and other wives join the action, showing spontaneous moments that feel both raw and playful. The studio's signature style shines through each frame, inviting you to see the full gallery by clicking the link above."

Now count words.

Let's count:
