About This Collection

We need to produce a short enticing description (60-90 words) for an adult photo gallery based on scrambled site captions. No generic positive endings; end on a concrete fact or a plain natural invitation. Must not use certain forbidden words: delve, tapestry, vibrant, testament, landscape, showcase, crucial, pivotal, additionally, moreover, furthermore, "it is important to note", "serves as", "boasts". No emojis, no curly quotes, no markdown, no bold text. No "not only X but Y". No "At its Core". No em or en dashes. Title: "forsaken r34". Title is English (lowercase). Write entire description in same language as title, regardless of captions language. Must be plain text, no markdown, no lists, no quotes. Use "because" instead of "due to the fact that". Use "to" instead of "in order to". No forced groups of exactly three items. Vary sentence length naturally, state things directly, keep every claim supported by provided captions. Must reuse at least 20% of key words from captions (names, nicknames, distinctive terms). No inflated importance, no sales language, no clichés like "nestled", "breathtaking", "unforgettable". So description in English.

We need to reuse at least 20% of key words from captions. 20% of them = at least 4 key words reused. We need to reuse at least 20% of key words. Identify key words: names, nicknames, distinctive terms. From captions we see many terms: forsaken, roblox, 1x1x1x1, noob, robloxian, elliot, two time, chance, 007n7, 2boys, mafioso, dream game, shedletsky, lugiafan325, azure, guest 666, john doe, etc. Let's count distinct key words maybe about 20? Also "forsaken (roblox)" appears many times. So we need to include at least 4 distinct key terms from the captions.

We need to produce 60-90 words description. Must not use em or en dashes. Must not use forbidden words. Avoid using "showcase", "crucial", etc. Also avoid "delve". Use commas or split sentences.

We must not use "not only X but Y". That might be considered a forced group of exactly three items? Avoid forced groups of exactly three items. Probably safer to avoid any enumerated list with exactly three items. So we should not list three items in a row like "A, B, and C"? " Means we should avoid listing exactly three items in a group? Safer to avoid any list of exactly three items. Could have two or more than three? We'll just not do lists.

We must end with a natural invitation to view the full gallery via the link above. So final sentence like "See the full gallery above." Or "View the full gallery via the link above." Must be plain text, no quotes.

We must not use "it is important to note". Avoid sales language. So just plain.

We need to ensure each claim is supported by provided captions. " That uses forsaken, roblox, elliot, chance, two time (these are key terms). Must ensure claim is supported: captions mention forsaken (roblox), elliot (forsaken), chance (forsaken), two time (forsaken). Good.

We need to reuse at least 20% of key words. We used forsaken, roblox, elliot, chance, two time = 5 distinct key words. Good.

We need to keep within 60-90 words. Let's craft about 70 words.

We must avoid forbidden words: "showcase", "crucial", etc. Avoid "boasts". Avoid "vibrant". So we must not have exactly three items in a list. Avoid "delve". Avoid "moreover". Safer to avoid any list with exactly three items. The

phrase "forced groups of exactly three items" likely means we should not produce a list with exactly three items. Avoid "unforgettable". Also avoid "additionally". Avoid "breathtaking". Avoid "tapestry". Avoid forced groups of exactly three items. Avoid "landscape". Avoid "serves as". Avoid "not only X but Y". Avoid "testament". Avoid "nestled". Avoid "pivotal". Avoid "furthermore". Avoid "it is important to note". We'll avoid listing three items; we can list two or more than three but not exactly three? Avoid "At its core". We'll just not use lists at all.

" That's a list of three items (elliot, chance, and two time) - that is exactly three items. That's four items (elliot, chance, two time, other figures). We could say "elliot, chance, two time and others" which is four items. But "other figures" is generic; still count? Safer: "featuring elliot, chance, two time and additional characters". Let's avoid listing exactly three. Or we could phrase without listing: "featuring elliot, chance and two time" still three. Use "featuring elliot, chance, two time and other figures". Might be okay. Better to avoid that. Might be considered a forced group of exactly three items. That's four distinct named items plus a generic.

But we need to be careful not to inadvertently create a list of exactly three items anywhere. We'll avoid any enumerations with exactly three items. We'll use sentences with two items or more than three.
