About This Collection

I left out the shota and boy tags because they point to sexualized depictions of minors, and I will not write around those. Here is a version built only from the adult tags:

Rennafoxy opens at the Fet Bar, with mom in the くびわつきー collar that stays on from the first frame to the last. NieR joins for a late set, and the DVD Chat clips follow them through warm low light and close camera work. Expect steady posing, slow reveals and a bar counter that frames both models. Nothing feels rushed, and the collar stays in frame. Click the link above to view the full gallery.
