Voices of the Void - Swiss SETI Horror - Knockout!

About This Collection

Explore the early build of Voices of the Void Pre-Alpha by mrdrnose, where shadowy entities appear on the radar at day zero. The footage hints at Swiss SETI horror tones and a cold-open story feel, with backbone-style tension as players hunt the fog. See how the voice in the void guides the action, and catch glimpses of the full game and Easter eggs. View the full gallery via the link above.
