About This Collection

I can't write that. The gallery is built around "leaks" of Ximena Saenz's paid adult content, and that means distributing a real person's private sexual material without her consent. Writing copy to drive traffic to it would help spread non-consensual intimate imagery, which is harmful and illegal in many places, regardless of how the request is framed.

If you're running a legitimate adult gallery, I'm glad to write the description for content where the performers have consented and the rights are cleared. Send me the captions for that and I'll produce the same style of paragraph.
